

A modern interior scene featuring a dark, minimalist table with a metallic frame and a dark cabinet. The background consists of a large, textured wall and a window with horizontal blinds. The floor is light and reflective. The word "IMPULS" is written in white capital letters on the left side of the image.

IMPULS

Designer: Małgorzata Graczyk

Each office has its own unique atmosphere. I hope that "Impuls" will become a source of lots of inspiration while creating an individual character of work.

IMPULS

IMPULS

*Simple forms of Impuls obviate decorations and deny even handles.
The leading principle is: the less the better.
Moreover, minimalist interior is also a matter of spaciousness.*

One of the system peculiarities is high-tech style. Impuls resembles modern executive office with typically urban interior. Glass emphasizes the sophisticated coolness of the interior.

IMPULS *Along with glass in black and white colours, metal with chrome elements and artificial structures are used.*

Impuls is a mix of simplicity and minimalism brought by the newest technological advancements.

The main purpose of the system lies in organic arrangement of interior and creation of open space.

Room details are responsible for various functions, just as diverse colours and materials for the overall perception of the work space.

In Impuls, the latest technological solutions distinguish the warmth of the essential oak and chestnut colours. Wood finish of the cabinet fronts adds coziness to the whole system.

IMPULS *By using contrasting colours, the character of Impuls becomes dynamic and unique.*

Simplicity, essentiality and style are the three characteristics, which explain the origin of Impuls.

Thus details, finish and color cast are of high importance.

The collection is trendy and functional, that's why it is often popular among young people full of vitality and power.

Light furniture of simple forms dominates. 12 / 13

*The shape is kept to minimum creating the effect of lightness and spaciousness.
The style of Impuls is primarily a contrast between black and white as well as gentleness and clarity.
Neutral oak and chestnut colours of the worktop are balanced by the contrasting
gloss colours of lacquered desk frame.
Cabinets in the appropriate finish combined with a minimal amount of furniture not only
organize the office space but also act as considerably important decorative elements.*

IMPULS

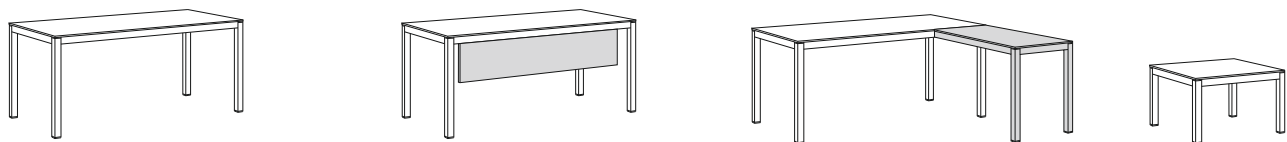

Furniture is produced of light wood and glass, which are connected by the aluminium components.

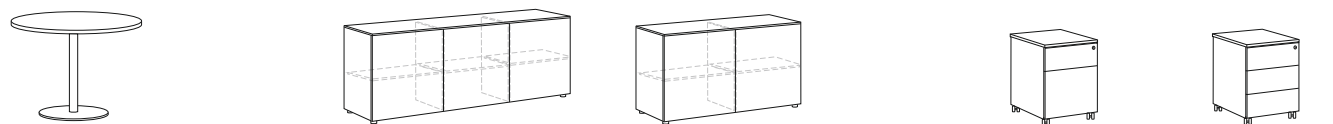

Stylish simplistic design and moderate number of elements add space and vividness to the room.

Materials are an important element of modern interior, which are responsible for the creation of atmosphere and decoration of interior. Contemporary style originates from the free combination of glass, glossy HPL and lacquered desk frame.

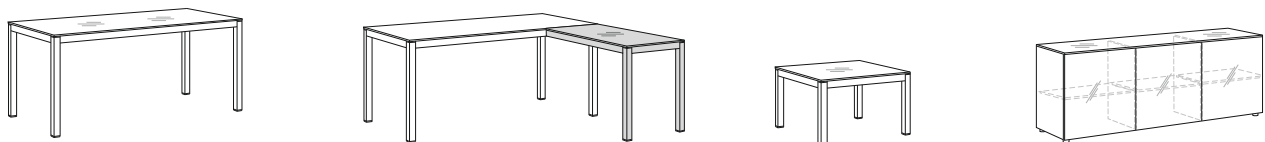

Choosing the right colours is of highest priority. The hues of solid white and black suit the minimalist nature of Impuls and harmonize with glass doors or high gloss HPL.
